

MUHAMMAD HAKEEM

PHOTOGRAPHER / WEB DEV

Dedicated and innovative Computer Science student with a lifelong passion for photography and media arts. Combining technical expertise with creative vision, I excel in capturing compelling images and creating engaging multimedia content. Proficient in advanced photo editing software including Adobe Photoshop and Bridge, I bring a unique blend of technical skills and artistic flair to every project. Experienced in both digital and print media, with a keen eye for detail and a strong portfolio showcasing city architecture and nature. Seeking a photographer position to leverage my skills in visual storytelling and technology.
